2D shapes and 3D solids

Name	Date

Part 1 Name the shape Look at the shape.

1 Is it a triangle, a circle or a square?

○ Triangle ○ Circle ○ Square

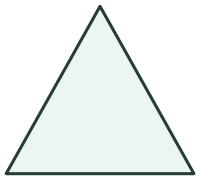

2 Is it a rectangle, a triangle or a circle?

○ Rectangle ○ Triangle

○ Circle

3 Is it a square, a triangle or a circle?

○ Square ○ Triangle ○ Circle

4 Is it a square, a triangle or a rectangle?

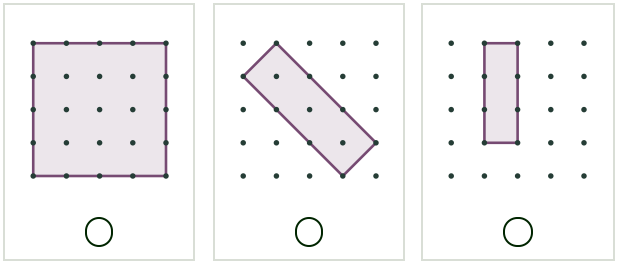

○ Square ○ Triangle

○ Rectangle

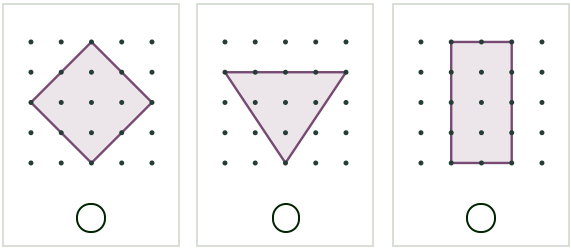

Part 2 Any size, any way

It may be turned or a different size. Circle the square.

5

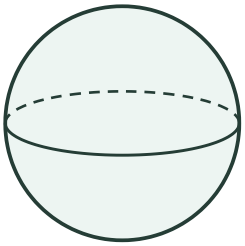

6

2D shapes and 3D solids

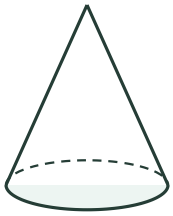

Part 3 Name the solid Look at the solid.

7 Is it a cube, a cylinder or a sphere?

○ Cube ○ Cylinder ○ Sphere

8 Is it a cone, a cylinder or a cube?

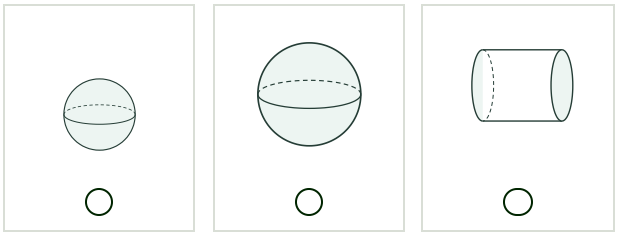

○ Cone ○ Cylinder ○ Cube

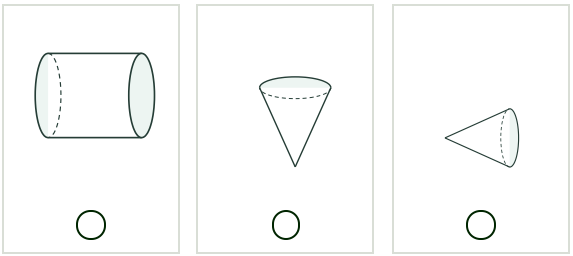

Part 4 The different solid

Two of these are the same solid. Which one is a different solid?

9

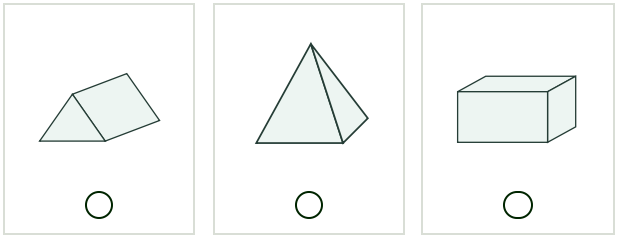

10

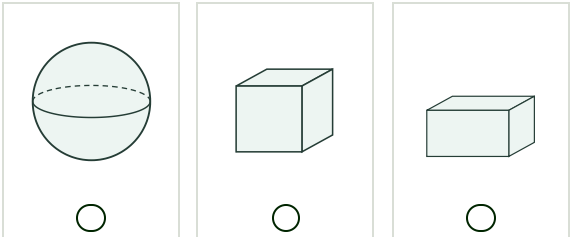

Part 5 Prisms and pyramids

11 Circle the triangular prism.

12 Circle the solid that is not a prism or a pyramid.

2D shapes and 3D solids

Part 1 Name the shape

1 Look at the shape. Is it a triangle, a circle or a square?

○ Triangle ○ Circle ○ Square

Answer: Circle

2 Look at the shape. Is it a rectangle, a triangle or a circle?

○ Rectangle ○ Triangle ○ Circle

Answer: Rectangle

3 Look at the shape. Is it a square, a triangle or a circle?

○ Square ○ Triangle ○ Circle

Answer: Triangle

4 Look at the shape. Is it a square, a triangle or a rectangle?

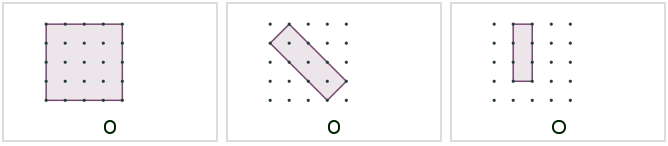

○ Square ○ Triangle ○ Rectangle

Answer: Rectangle

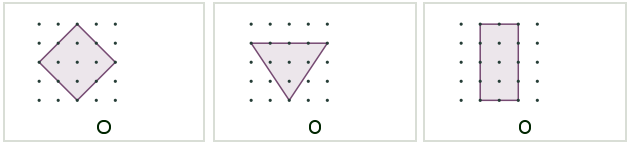

Part 2 Any size, any way

5 It may be turned or a different size. Circle the square.

Answer: 1

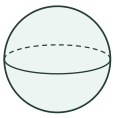

6 It may be turned or a different size. Circle the square.

Answer: 1

Part 3 Name the solid

7 Look at the solid. Is it a cube, a cylinder or a sphere?

○ Cube ○ Cylinder ○ Sphere

Answer: Sphere

8 Look at the solid. Is it a cone, a cylinder or a cube?

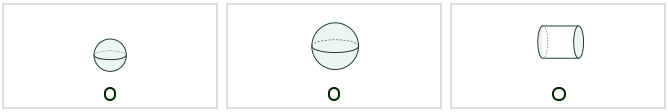

○ Cone ○ Cylinder ○ Cube

Answer: Cone

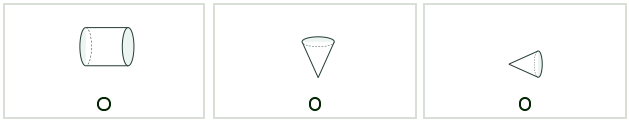

Part 4 The different solid

9 Two of these are the same solid. Which one is a different solid?

Answer: 3

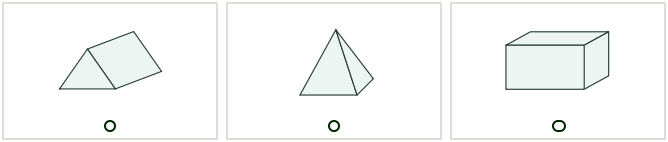

10 Two of these are the same solid. Which one is a different solid?

Answer: 1

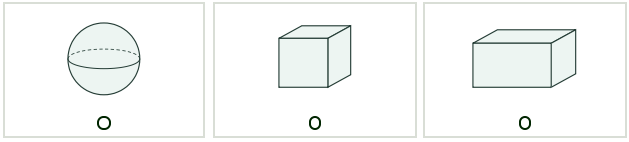

Part 5 Prisms and pyramids

11 Circle the triangular prism.

Answer: 1

12 Circle the solid that is not a prism or a pyramid.

Answer: 1
