

# Subtracting fractions with unlike denominators

|      |      |            |
|------|------|------------|
| NAME | DATE | SCORE / 20 |
|------|------|------------|

Subtract. Write the answer in lowest terms.

|                                                                                                            |                                                                                                             |
